Lakeway Regional Medical Center Opens Lakeway Vein Care

Lakeway, TX (April 26, 2013) – Lakeway Regional Medical Center (LRMC) is proud to announce the opening of Lakeway Vein Care, a specialty center dedicated to the treatment of vein conditions that include spider veins, varicose veins and venous leg ulcers. The clinic is located on the 3rd floor of the Medical Office Building which is located on the campus of Lakeway Regional Medical Center.

Dr. Mark Jayawant and Dr. Eli Becker, vascular surgeons and vein care specialists, provide a personalized approach to medical and cosmetic vein care in a comfortable environment, utilizing non-surgical and minimally invasive techniques.

“We are proud to offer such a comprehensive center on the campus of Lakeway Regional Medical Center that includes on-site diagnostic and therapeutic solutions with the benefit of board-certified surgeons experienced in the treatment of venous disorders,” said David Kreye.

If varicose veins are left untreated, they may worsen over time and become a more serious condition. Lakeway Vein Care offers free varicose vein screenings on the first Thursday of every month from 8 am to 7 pm. Call 512-654-8346 (VEIN) to schedule your appointment today or visit their website at www.lakewayveincare.com for more information.

About Lakeway Regional Medical Center

Lakeway Regional Medical Center brings experience, advanced technology and best practices to provide high-quality care for patients. Since opening in April 2012, LRMC has been providing comprehensive, compassionate and modern medical treatment. As a full-service hospital with board-certified physicians, LRMC manages everything from emergencies to outpatient procedures. Ranked among the top 10 percent of hospitals nationwide by Healthstream, an independent research company for outpatient services in 2012. For more information about LRMC, visit lakewayregional.com or call 512-571-5000.
