Lakeway Regional Medical Center Welcomes Their First Baby of 2014

Lakeway, TX (January 2, 2014) — Lakeway Regional Medical Center's first baby of the New Year is a 7 lbs, 8 ounce little girl who was born just two days into the New Year. The beautiful baby was 20 inches long and delivered by Dr. Eduardo of Hill Country Ob/Gyn.

Baby Remi Stafford was born at Lakeway Regional Medical Center January 2, 2014 at 5:57 AM. She is the second addition to Paige Carroll and BurrJed Stafford.

“We are just thrilled to start off the New Year with a new addition to our family,” Paige said. “I wouldn’t change a single thing about Lakeway Regional Medical Center and the care I received. The staff was attentive, the facility is beautiful, and the accommodations are an added bonus.” Paige added that both she and the newborn are in good health and she is eating and sleeping very well.

And to help celebrate the new arrival, the hospital gave them a gift basket filled with gifts for both mom and baby and a beautiful arrangement of flowers.

About Lakeway Regional Medical Center

Lakeway Regional Medical Center brings experience, advanced technology and best practices to provide high-quality care for patients. Since opening in April 2012, LRMC has been providing comprehensive, compassionate and modern medical treatment. As a full-service hospital with board-certified physicians, LRMC manages everything from emergencies to outpatient procedures. Ranked among the top 10 percentile of hospitals nationwide by Healthstream, an independent research company for outpatient services in 2012.
